Welcome to
TRADE WISE SOURCING

Trade Wise Sourcing. located in Uttara, Dhaka, Bangladesh is a Garment Buying House (providing manufacturing and export service) and Souring Agent.
We are one of the reputed Woven, knit & Sweaters manufacturing and export service providers in Bangladesh and strongly involved in this sector for last 15 years.

We take orders from buyers and place them to our most trusted as well as potential factories. We do production planning from very initial stage, do follow up, communicate with buyers regularly, inform daily status, do inline and final inspection, control shipment/delivery schedule and finally check and dispatch shipping documents to the buyers.

We would like to introduce our self as a buying house and we feel good to supply quality garments to our buyers. We always committed to our buyer for supply best quality products and in time shipment. We have experienced professionals of garments sector have established this business successfully through our honesty, experience, proactive attitude after all hard working mentality. And now we are working hard to expand our business arena.

Code of Conduct

Trade Wise Solutions. follows the principle of good corporate citizenship and considers its good reputation and integrity as crucial competitive advantages.

Our code is derived from the values and standards set by our customers, the United Nations, more particularly the Declaration of Human Rights and many of the ILO core conventions and local LAW.

1. It will be our earnest endeavour to meet all the aspects of our buyers' code of conduct. We will only work with such factories which are approved by our buyers.

2. Child labor: Use of Child labor will not be tolerated. We will not work with such business partners who employ workers lesser than 15 years of age. Further, no worker shall be younger than the mandatory school going age in the respective countries of operation. If the local law stipulates a higher minimum age than 15 years, then the more stringent limit shall be applicable.

3. Forced labor: We will not work with any factory or organization which engages in forced or bonded labour.

4. Disciplinary practices: We expect all our business partners to establish a clear disciplinary action procedure in line with the local law. We will not work with factories whose employees use abusive language, or practice corporal punishment, in the form of mental or physical abuse or any coercive practice in any form against workers.

5. Abusement & harassment : We will not work with any factory or organization which engages abasement and harassment . It is strongly prohibited as buyer Code od conduct, as per our business ethics as well as our Local Law.

6. Legal requirements: We expect all our business partners to comply with the local laws applicable to the conduct of their business.

Code of Conduct

7. Ethical standards: We will try to identify and work with such organizations whose ethical standards are not divergent from ours.

8. Working hours: We will prefer to work with business partners who try and meet the 60 hour week limit. Whenever the regular work hour limit is exceeded we expect the workers to be compensated per the local law for the additional hours. We will accept flexibility in scheduling work hours however we will not use business partners, who on a regular and systematic basis work more than the 60 hour week. Also, workers should be given one day off in seven days.

9. Wages and Benefits: We will only work with such business partners who compensate their workers as per the prevailing law and provide all benefits legally due to them.

10. Freedom of Association: We respect the rights of workers to join an association of their choice and their right to Collective Bargaining. We will work with such business partners who share this belief and they should ensure that workers who participate or associate with such movements are not discriminated against. No Punitive action should be taken against such workers for being a part of such association or movement as long as they don't violate any of the local laws.

11. Discrimination: While being cognizant of cultural, religious and other differences, we firmly believe that workers should be given an opportunity to work based on their skills only. Caste, Creed, Race etc: shall not be a part of the process used to decide employability.

12. Unauthorized Subcontract: Unauthorized subcontracting is considered a Zero Tolerance Violation. No vendor shall subcontract any aspect of production without prior information to and approval from our company. Any violation will result in delisting of such factories.

13. Building and fire safety. We will want all our business partners to ensure Building and fire safety as per the local Law and buyers requirement

14. Health & safety: We will engage only with such factories who provide their workers a safe and healthy work environment.

15. Environment: We will want all our business partners to ensure that their work process does not affect the environment adversely in any way. It is expected of all our business partners to meet the legal requirement on all environmental aspects and continuously strive to go beyond just meeting the law.

CSR

QUALITY ASSURANCE

Our manufacturing facilities are accredited. A culture of efficiency and effectiveness is complimented with continuous training and stringent quality assurance programs. These measures are implemented to ensure that our products and services match up to our customers expectations.

ENVIRONMENT

We work hard to reduce our manufacturing plant's environmental impact, through modernization, innovative technologies, resource optimization, and a continuous monitoring program.Respect for the environment is coupled with the care for our essential resources, employees, and clients.Under the principle of "Safety First," we guarantee a safe and healthy working place promotes the security culture.We lay emphasis on the principle of ESPRIT DE CORPS which states that our organization takes every effort to maintain group Cohesion in the organization.

QUALITY ASSURANCE
