**One-Stop Sourcing Solution**

We manage the entire process—from product selection, factory matching, sampling, to mass production, QC, and shipping—saving you time and complexity

**Competitive Pricing with MOQ Flexibility**

Leveraging our deep factory partnerships, we offer highly competitive prices. We also accommodate flexible Minimum Order Quantities (MOQs) and mixed-container orders to support your business growth..

**Rigorous Quality Control**

Our dedicated QC team ensures every batch meets your specifications through pre-production, in-process, and pre-shipment inspections.

**Efficient Global Logistics & Support**

With extensive experience exporting worldwide, we handle sea/air freight, customs documentation, and door-to-door delivery, ensuring a smooth and reliable shipping process.

# Commitment to Quality
# -Quality is our promise

We implement a multi-stage inspection system to ensure every product that leaves our warehouse meets the highest standards of craftsmanship and durability.

**Our 3-Stage Inspection Process:**

- Pre-production Check: Verification of raw materials against specifications.
- During Production Check (DUPRO): Random checks on the production line to catch issues early.
- Final Random Inspection (FRI): AQL standard inspection performed on finished goods before packing.

**Professional & Protective Packaging**

We understand that great products deserve great packaging. Our standard packaging is designed to protect your goods during long-haul shipping while presenting them professionally upon arrival.

- Standard: Each mat with a wash label, bundled in cartons.
- Retail-Ready: Individual hang tags, display boxes, or polybags with header cards available.
- Shipping: Cardboard boxes are placed on pallets for loading into containers to minimize damage.
